

WINE - TAPAS & SUSHI - LOUNGE

Lea Wine Bar is like a time machine. Stepping in, one is transported far away from the hustle and bustle of Midtown Manhattan to an era during which decadent elegance was for the privileged.

Lea is an intimate space that lends itself perfectly to hosting small parties or exclusive private events.

With a bar offering over 300 brands of liquor, 100 labels of wine (30 of which are available by the glass) and a seasonal specialty cocktail list carefully prepared by our mixologist, Lea has something special to offer any palate.

From personalized wine and whiskey tastings with tutorials by our sommelier and mixologist, to food pairings and custom layouts, Lea can create special and unique private events.

Our kitchen offers a wide variety of tapas-style dishes and our on-site sushi chef delivers a fresh and tasty sushi selection.

With an extra-large pulldown screen, a high definition projector and a powerful sound system, Lea is capable of hosting events from the most traditional to the highly extravagant.
